Meeting called to order.

Introductions were made.

Overview of CTC by Amy.

Discussed importance of CTC Survey. Reviewed risk and protective factors. Postponed the training/meeting set up for March 18. New date will be emailed to all. Survey results will be released at the meeting. CDA schools, grades 9-12 were surveyed.

Sherry Stapleton gave report from Outreach Committee. Discussed key stakeholders in community and creative ways to get them to attend the training/meeting. A list was made of who to invite and how to convince them to attend. The CTC will follow-up after meeting and present the information to local groups in the community. We will look at a 2 hour time frame for meeting as most would not be willing to commit to one full day.

Women's Gift Alliance was explained. This is an Idaho Community Foundation that is based in Kootenai County. Their primary purpose is to expand dollars available to Kootenai County to help fund non-profit organizations.

We will email a CTC membership list to everyone, and also email a sign up sheet for you to use for recruitment purposes.
